THE VALUE OF FSC® FOR

PACKAGING

**OUR PACKAGING
SUPPORTS BETTER
RESULTS FOR
FORESTS, PEOPLE
AND BUSINESSES.**

Zero deforestation

Although trees are harvested, there is no net loss of forest over time

Environmental protection

FSC certification requires biodiversity to be maintained, and high conservation value areas – including old growth forests – to be protected

Indigenous Peoples' rights respected

FSC certification requires forest inhabitants to be consulted and engaged, and cultural rights to be maintained

Fair wage and work environment for workers

FSC certification requires training, safety and decent wages for all workers

Best products for Wine, Cocktail & Kitchen

We offer a wide range of high quality products designed in Spain.

70% of our products have international industrial design patents and 60% are made in Europe.

We are committed to the well-being of people and care of the planet.
